UPDATE - The owner of this Island Packet 380 has his new yacht on order so she has been reduced to well under the current market rate for a quick sale. Viewing is highly recommended.

The Island Packet 380 is a high quality cutter rigged cruiser that is capable of serious offshore voyages, yet is as equally at home as a very comfortable local cruiser.

The accommodation below is excellent, with all proportions being on the generous side and high levels of attention to detail and quality woodwork and materials used throughout. The design of the interior layout is extremely good and will provide comfortable living space either offshore or in port.

This example presents very well and in 2009/10 she underwent a mini re-fit with the upgrading and addition of much new equipment.

Her engine was serviced in May 2014 and she is all set and ready to go.

Full details are in the specification but highlights include:

Bow Thruster

Coppercoat antifouling - professionally applied 2010

Autoprop folding propeller

Two large solar panels - new 2009/10

OWNERS COMMENTS:

This is one of the nicest and well equipped Island Packet 380's available in Europe.
We are the second owners of this IP having purchased her in 2008 for extended cruising to the Med.
She has been a comfortable and safe sea worthy boat and over the past few years has taken us via The Channel Islands and Atlantic France, across the Bay of Biscay, Portugal, through the Straits of Gibraltar, North Africa and the Med.
Everything about this boat has been fitted to allow a couple to cruise in comfort and safety.
